Sir,

I have the honor to state for
the information of Government that
the survey nos. shown in the margin
which were once owned by Mr. Nants
Rajah and subsequently changed hands
and gone to the charge of the Mysore
city municipality are so close to the
manerios that their addition to the
Compound is a necessity and in
connection thereof lengthy corres-
pondence has taken place. The matter
had even gone up to Court and the
whole cost thereof was, as per letter
No. 11,600 of 10th June 1916 from Secrety,
L.R. 127-157
to Government, to the Palace Controller
was borne by me -

A

2

There now are no more
and that unless they are added
to the Manerion Compound, the priming
of the Manerion cannot possibly be
maintained. From the beginning
it has been my contention that putting
up people's buildings on those lands
will certainly be harmful and that
no private right other than the Manerion
should on no account be created on them.
From what I see I find that the
Municipal Authorities are laying out
roads thereon and are distributing plots
to the public for building purposes.

3-

As I have borne the entire
cost of the previous litigation under
orders of Government I have the first
chance of obtaining those lands and
willing to pay the charges which
the Municipality may have legally in-
curred for their acquisition.

4-

A perusal of the entire file of
Correspondence ending with the letter
above quoted as well as all its connected
papers in the Secretariat, will convince
the Government how very necessary
it is for these lands to be added on to the

Compounded in preference to any ⁴ other
scheme which the Municipality may
have in their hands

5- As this matter is pending for the
past several years I solicit the
favour of Government passing final
orders at its early convenience.

I have the honour to be,
Sir,
your most obedient servant
